

Join us on Thursday February 16th, 2017 at 5pm for our 42nd Conservation Banquet at Stadium View Hall in Green Bay

Your Investment Pays Dividends to Our Communities

TU Conserves, Protects, Restores and Reconnects North America's Coldwater Fisheries and their Watersheds

Founded in 1969, the Green Bay Chapter of Trout Unlimited (GBTU) works to conserve, protect, restore, and reconnect our communities and the coldwater resources throughout northeastern Wisconsin. Our targeted efforts improve the quality of trout streams and habitats degraded by natural events and poor human management practices. We concentrate on physical stream reclamation and restoration projects, public water access and youth education with outdoor experience opportunities. *Please visit us at greenbaytu.org.*

We are an action organization, dedicated to our mission, with our time, money, manual labor, youth education, and research.

Where Does Your Money Go?

Thousands of volunteer hours are logged each year

- \$7200: Two-person habitat crew Marinette/Oconto/Shawano Co Wild Rose DNR, 2016
