

Short Summary:

GBTU's Treasurer's seat became vacant earlier this summer when the Treasurer at that time, Jeff Gross, retired and moved from the area.

There were multiple emails sent to membership inquiring about any interest in filling the open seat, as well as conversations with members at GBTU events. We were unable to find a willing volunteer.

After our September meeting, Board of Directors (BOD) member John Tilleman expressed his interest in the role. John is a long-standing BOD member with a well-respected record of representing our organization and standing up for the resource.
